Dynamic and detail-oriented React JS Developer with over 3 years of experience in creating innovative and user-centric web applications. Proficient in leveraging React, JavaScript, TypeScript, and various other technologies to deliver intuitive user interfaces and streamline complex functionalities. Adept at collaborating with cross-functional teams and adapting to diverse project requirements.

SKILLS

- ReactJs
- Angular
- Typescript/Javascript
- NextJs
- MobX, RecoilJs, Redux
- TailwindCSS, Bootstrap, Material UI
- Jest, React Testing Library, Jasmine/Karma
- Vercel, Firebase
- Git, Git-Hub
- Restful web services

EXPERIENCE

Cureskin, Bengaluru - *Frontend Engineer (Angular)*

May, 2022 - OCTOBER, 2022

- Actively involved in the app's weekly release process and UI enhancements across the Acquisition flow. Contributed key features like synchronized carousels for concern detection, reusable components, and improved forms with live validation.
- Developed complex chat flow features, including a progress bar and dynamic translations, overcoming challenges in an outdated codebase and ensuring thorough unit test coverage.
- Enhanced the doctor-facing platform by introducing autocomplete dropdowns for user filtering and photo comparison components to support better treatment analysis.
- Led the conversion of legacy code from Pug and CSS/SCSS to HTML and TailwindCSS, improving code maintainability and consistency.

EKO Infomatics Pvt. Ltd., Bengaluru - *ReactJs Developer*

OCTOBER, 2022 - PRESENT

- Spearheaded multiple ecommerce projects, ranging from small-scale to large-scale, employing React, TypeScript, Tailwind, Bootstrap, Mobx, Redux, and Recoil JS.
- Developed comprehensive admin dashboards for ecommerce websites, facilitating seamless management of inventory, orders, and seller-side operations.
- Contributed to an in-house Human Resource Management System web application, focusing on employee attendance tracking and other functionalities using React, JavaScript, Tailwind, Recoil, and Recharts. Developed a small-scale blog application enabling users to create accounts and post blogs using React, TypeScript, Tailwind, and Redux.
- Engaged in a significant project for a globally recognized e-commerce entity, focusing on developing a seller-side web application to streamline online business setup and management. Employed React, TypeScript, and various other tools and technologies to meet project objectives and ensure a seamless user experience.

CodeGama, Bengaluru - *ReactJs Developer*

May, 2022 - OCTOBER, 2022

- Led development efforts for a large-scale payment-based social media web application using React, TypeScript, Redux, Redux Saga, Bootstrap, and Axios for API integration.
- Contributed to a Web 3 front-end application, improving the UI by integrating individual components seamlessly.

Clemenzie Communications, Bengaluru - *Jr Frontend Developer*

DECEMBER 2021 - May 2022

- Collaborated with the design team to enhance the company website's interface using React, JavaScript, and Tailwind CSS.
- Contributed to HTML e-mail development projects, ensuring a cohesive user experience across various communication channels.
- Contributed in inhouse attendance web application.

EDUCATION

Electronics & Electrical Engineering

Kalinga Institute of Industrial Technology, Bhubaneswar

MAY 2017 - JULY 2021
